

CASA VENDIMIA

La Casa Vendimia is a project by Simpleco, a construction company that has built 80% of the houses in our developments, as well as our hotels, restaurants and wine bars, with great knowledge of the environment and how to achieve the benefits for its use. A large stone house on two levels, at the entrance a pleasant lobby, you go to the double-height room, a beautiful beamed ceiling that integrates the living room, dining room and kitchen to enjoy with the family, direct access to a covered terrace with a view to the sunsets of the picachos mountains that are unique. It has two main bedrooms and each one has its bathroom, dressing room, bathtub and its own terrace, in addition to having 2 other bedrooms each with its own bathroom. Going up the stairs we have a study that is very necessary...
