

HOGAR Y ARTE EN POZOS

The main casa in a horizontal style and with high ceiling, has a nice kitchen dining room, large living room with window that provides enough light to the interior and the corridor that communicates to the bedroom with spacious closet and bathroom, at the end of the corridor the studio is the perfect corner for the inspired artist to capture his best works with the best scenery of views to the hills and a cool breeze. Outside a couple of mature trees provide freshness and ventilation to the house. The 3 surrounding casitas, each with its own particular style and charm, were also built on a single floor with cozy and fresh spaces that integrate a bedroom, kitchen, living room and bathroom. Some with vaulted ceilings, others with domes or large beams. Finishes and materials typical of the town's style...
