

LOTE ALCOCER

This 5,500 m² lot is located in the upper area of Alcocer, a historic community in San Miguel de Allende. Alcocer originally began as a hacienda belonging to the family of Bishop Sollano and was connected to the Ancient Camino Real, where haciendas played a key role in the agricultural economy of the Bajío region. The surrounding hills once provided the timber used in the construction of the iconic Parroquia de San Miguel Arcangel. Today, Alcocer blends tradition and natural beauty, and from this lot you can enjoy panoramic views of the mountains and the local reservoir. In addition, the urban area of San Miguel is just 5 km away, where you will find hospitals, shopping plazas, Soriana, Office Depot, government offices, schools, and cultural centers—offering the perfect balance...
