

LOTE CAPADERO 3000

This lot is a 3000 square meter piece of land located right by the roadside. It has a 23-meter frontage and a depth of 135 meters, making it quite spacious. It is situated in front of the new National Guard facility on the road to Cruz del Palmar and is only 25 minutes away from San Miguel de Allende, making it a convenient and accessible location. This lot could be an interesting opportunity for various purposes, given its strategic location and generous size. It can be purchased together with another adjacent lot, measuring 3066 square meters, adding an additional 66.78 meters of frontage!.
