

LOTE PROVIDENCIA DE ALCOCER

In the world's best small town to live in (Conde Nast Traveler Magazine), this fantastic lot with readily available utilities is located 200 meters from the road to a rapidly developing area with high future value appreciation. Enjoy mountain views and the opportunity to build a small development or your dream home. It's just a 3-minute drive from the road to Queretaro and the largest shopping center with a department store, supermarket, and movie theaters. Even better, it's only a 10-minute drive from downtown San Miguel. Now, the price has been significantly reduced.
