

LOTES DISPONIBLES EN JALPA

We present you a unique opportunity to invest in the magical city of San Miguel de Allende. We have lots 6, 7, 8 and 9 , each of 250 m2 , and lots 13, 14 and 15 , of 450 m2 each, located near the charming Ejido de Sosnabar. These plots are ideal for those looking for a space to build the house of their dreams or to make an investment in an area with great development potential. These plots stand out not only for their size and privileged location, but also for the facilities they offer for contracting water and electricity services, which allows any project to be started more comfortably. In addition, they have beautiful views of the majestic Sosnabar mountains, which guarantees a peaceful and natural environment to enjoy a relaxed lifestyle or to offer added value to any development...
