

SAN PEDRO 43

Lot 43 , located on Cerrada San Pedro within Cumbres de San Miguel , is an excellent option for those looking to build a home or make a long-term real estate investment in San Miguel de Allende. Its location within a private residential street provides a quiet and comfortable setting. One of its key features is that the property borders the development's perimeter wall , offering additional privacy and independence when planning a future home. An attractive opportunity to create a custom residential project and build long-term value in an area with strong growth potential.
