

TERRENO EN ZONA TURISTICA

Two flat lots in Rancho San Benito, located on a quiet street across from the La Pilarica development and Hacienda los Picachos on the highway to Queretaro, one of San Miguel de Allende's most promising tourist corridors. The lots are located within a residential and rural area. Their location is privileged, as they connect two streets together and one side is on a corner. They also offer beautiful views of the Los Picachos mountain range. Just a seven-minute drive from the City Hall, the Autonomous University of Mexico campus, and Newland College. The space could offer great potential for rental construction or a quiet retreat.
